B.Tech, Computer Science and Engineering

Address : P11, Sivam, Karullil Lane, Tripunithura, Ernakulam, Kochi,
Kerala - 682301

Education

SRM IST-Kattankulathur

B.Tech · Computer Science and Engineering

2027

CGPA - 9.83/10

ST ANTONY'S PUBLIC SCHOOL

Class XII - CBSE · pcmc · KANJIRAPALLY, KOTTAYAM, KERALA, INDIA

2023

Percentage - 87.8%

COCHIN REFINERIES SCHOOL

Class X - CBSE · pcmc · AMBALAMUKAL, ERNAKULAM, KERALA, INDIA

2021

Percentage - 84.4%

Experience

Bharat Petroleum Corporation Ltd. (BPCL) | [Link](#)

Intern · Information Systems Intern · Internship

Dec 2024 - Dec 2024

Kochi, Kerala, India

Completed an academic internship at the Information Systems Department, BPCL Kochi Refinery.

Worked on an internship project titled "Personal Protective Equipment (PPE) System".

Gained exposure to industrial safety systems, IT support processes, and refinery operations.

Demonstrated good professional conduct and successfully submitted the project report.

Apollo Tyres Ltd. | [Link](#)

Industrial Project Intern · Industrial Project Intern – Tyre Testing & R&D · Other

Mar 2025 - Jul 2025

Chennai, Tamil Nadu, India

Completed a 4-month industrial project at Apollo Tyres Ltd under the Tyre Testing and R&D division.

Worked on the project titled "Superimposition of cut-section with tire profile @standard Rim & IP-Phase1".

Applied computing and analytical techniques for tyre profile evaluation, rim standards, and inspection phase analysis.

Collaborated with industry and academic mentors and successfully completed the project.

Projects

Superimposition of Cut-Section with Tire Profile @ Standard Rim (IP-Phase

Mar 2025 - Jul 2025

Apollo Tyres Ltd – Global R&D & Tyre Testing Division · Python ## PyAutoCAD ##

AutoCAD ## Digital Image Processing ## NumPy ## OpenCV ## MATLAB

Automotive Engineering / Computer-

Aided Design / Industrial Analytics

A 4-month industrial project carried out at Apollo Tyres Ltd under the Global R&D and Tyre Testing division.

The project focused on superimposition of tyre cut-sections with standard rim profiles during IP-Phase 1 inspection.

Developed Python-based automation using PyAutoCAD and image processing techniques to analyze tyre geometry, rim standards, and profile alignment for inspection and validation purposes.

LexRAG – Retrieval Augmented Generation System

Jul 2025 - Present

Personal / Academic Project · Python ## RAG ## StreamLit ## LangChain ##

OpenAI GPT ## Vector Database ## Prompt Engineering ## GitHub

Natural Language Processing (NLP) /

AI / Search Systems

AI-driven regulatory compliance analyser using Retrieval-Augmented Generation (RAG) to evaluate laws against organisational policies.

AI FINANCE ASSISTANT

Jan 2025 - May 2025

Personal Project · Python ## OpenAI GPT ## LangChain ## Natural Language

Processing ## Financial Data ## API Integration

Artificial Intelligence / FinTech /

Machine Learning

An AI-powered personal finance assistant built with Python and Streamlit that helps users manage expenses, set savings goals, and get smart financial insights using natural language input.

HANDWRITTEN DIGIT RECOGNITION USING CNN AND OPENCV

Jul 2024 - Nov 2024

Personal Project · Python ## OpenCV ## TensorFlow ## Keras ## Convolutional

Neural Networks (CNN) ## NumPy

Computer Vision / Deep Learning /

Machine Learning

A deep learning project that recognizes handwritten digits using a Convolutional Neural Network (CNN) trained on the MNIST dataset, with real-time digit drawing and prediction using OpenCV.

SAFE ZONE DETECTION USING CONVEXHULL

Personal Project · Python ## OpenCV ## Convex Hull Algorithm ## NumPy ##
Image Processing

Jan 2025 - May 2025
Computer Vision / Image Processing /
Machine Learning

A geographic safety visualization tool that uses Convex Hull Geometry to compute and display whether a user-specified location lies within a safe zone formed by real-world GPS coordinates, with interactive mapping via Folium.

Certifications

AWS Certified Cloud Practitioner | [Link](#)

Feb 2026 - Feb 2029

Amazon Web Services (AWS) · ab4be7a32bfa488ea4998724f9de7457

Earned AWS Certified Cloud Practitioner certification validating foundational knowledge of AWS Cloud concepts, services, security, pricing, and architecture principles. Certification verified via AWS official validation portal.

Ar Vr Consultant | [Link](#)

Feb 2025

IT-ITeS Sector Skill Council (NASSCOM) – NCVET · AETNA0021QG-06-
IT-00471-2023-V1.1-NASSCOM-059195

Certified in AR VR Consultant under IT-ITeS Sector Skill Council (NASSCOM), recognized by NCVET. Completed 570 hours of training and assessment with 19 credits at NSQF Level 6 under Skill India (PMKVY).

Oct 2025

Cisco Networking Academy

Successfully completed the Cisco Networking Academy course on networking fundamentals, including IP addressing, routing, and secure wireless configuration.

Oracle Cloud Infrastructure 2025 Certified Foundations Associate | [Link](#)

Jan 2026

Oracle University (Oracle Corporation) · 325437098OCI25FNDCFA

Recognized by Oracle Corporation as an Oracle Certified Foundations Associate.

Alteryx Designer Core Certification | [Link](#)

Jan 2026 - Jan 2028

Alteryx

Certified in Alteryx Designer Core after successfully completing the Designer Core exam.

MongoDB Associate Developer | [Link](#)

Mar 2026

MongoDB

MongoDB Associate Developer certification issued by MongoDB. This certification validates foundational knowledge of MongoDB database development, including data modeling, CRUD operations, indexing, aggregation framework, and application integration with MongoDB.

SAP Certified - SAP Generative AI Developer | [Link](#)

Mar 2026 - Mar 2027

SAP

Verifies understanding of SAP's Business AI capabilities and skills to extend SAP BTP applications while leveraging leading Large Language Models (LLMs) using SAP AI Core, SAP AI Launchpad, and SAP's generative AI hub.

Volunteering

Sree Poornathrayeesa Vridhasadanam | [Link](#)

Jun 2025 - Jul 2025

Volunteer – Elderly Care Support · Elderly Care, Community Service, Social Welfare

Completed a 5-week community connect internship at Sree Poornathrayeesa Vridhasadanam, a charitable trust supporting elderly care. Assisted in office activities, community engagement initiatives, and daily operational support. Demonstrated initiative, teamwork, and strong work ethic while contributing to social welfare activities.

Skills

: PyAutocad, Robotics, Digital image processing , OpenCV, Machine Learning , MVC, Data Structures & Algorithms, Object-Oriented Programming (OOP), SQL / MySQL, AutoCAD Automation, C/C++, Python, Java, HTML, CSS, JavaScript

Languages

English [Native Proficiency], Malayalam [Native Proficiency], Tamil [Native Proficiency], Hindi [Professional Working Proficiency], Korean [Elementary Proficiency]
